# Company Profile

**AMEZUN LEATHER**  
INTERNATIONAL

**Amezun Leather International** have meticulously understood the technical and physiological demands for novice levels of the Horse Riding Equipment's. **AMEZUN LEATHER** has grown to be a class leading manufacturer in leather whips, floggers & Accessories.

Our company "Amezun Leather International" began operations over the last three decades with many International Leather clothing brands.

our craftsmen work endlessly on the constant development and improvement of Leather Whips, Floggers for both amateur and professional riders. We ensure the highest quality levels of raw materials are being used in products.

Supplying some of the World's most well-known brands, our in-house R&D team are constantly pushing the boundaries to ensure the optimal balance between quality and performance.

## VISION

Our vision is to create a world where Leather, during their leisure time, require the Comfort with Protection. After all, what better guarantee is there for increased comfort, productivity than through adequate protection. During the manufacturing process, products need to be met or exceed the quality requirements described in manufacturing processes.

To make our vision come true, we have developed an approach that relies on three main pillars:

Technological leadership, Ongoing Development, Strong Global Presence.

Amezun Leather International serves unique and different markets, but what all connects are: the focus on comfort and protection, combined with a never ending quest for innovation.

## MISSION

Our mission is to grow into value added products to meet and exceed the expectations of our value able customers. We never stop exploring ways to promote the quality of our products supported by continuing research and development.

To be a fast growing, innovative organization to meet consumer's and customer's needs with a broad range of branded products while adhering to World class standards in high quality, low cost and quick response.

We continually strive to improve our products, therefore changes may result.  
All specifications and measurements in this catalogue

Only use the flat portion of your tool; don't strike using the edge.  
Avoid the face, neck, spine, kidneys, or joints (knees, ankles, elbows)  
Be gentle with genital areas or breasts  
Focus more on fleshy areas like buttocks or thighs  
More flexible paddles offer a "stinging" result, whereas stiffer, harder paddles  
give a "thuddy" result. In the case of leather, such as this vegan leather paddle, it will give a "stinging" feel!
